The 17th Dragon Welsh Pony Show, **Open European Welsh Pony Championships**. Boerderijmuseum De Bovenstreek, 10-1 Bovenstraatweg, 8096 PE, **Oldebroek**, The Netherlands.

Date: 12th of August 2023

Closing date for entries: 24th of July 2023

Judges:

Section A, Performance:

Mrs. J. Reed - Haverford stud

Section B, C, D, WPBR, Performance:

Mr. R. Miller - Heniarth stud

General Information on entry:

Entry is possible for ponies in the section: A, B, C, D and the Welsh Part Bred Register, that are registered with the Welsh Pony and Cob Society or one of its daughter Societies. The show will be, as far as possible in Holland, conducted according to the British Regulations. The judges will therefore have no catalogue! **Normal** shoeing is accepted for ponies which are three years and older.

Welsh Part Bred

Definition of the Welsh Part Bred: Any Welsh pony that is not 100% pure Welsh bred, but which has at least 12,5% registered Welsh blood. Therefore, ponies registered as, for instance Deutsches Reitpony, or Nederlandse Welsh Rijpony do qualify as such.

Foals

Foals are to be shown in hand accompanied by their dams, but individual showing is permitted as long as the foal is sufficiently trained. Foals have to be at least 21 days of age. Please note: There are no classes for three-year olds with foal at foot! **Attention:** The foals will be judged straight after the classes of their dams!

Other provisions

In the showing a pony is accompanied by ONE handler only, no chasing is permitted, if necessary you will be assisted by the steward.

Misbehaviour of a pony or its handler in the ring may result in disqualification. Three-year-old and older colts or stallions should be licensed by a Welsh Pony Society, be it the Mother or a Daughter Society.

Ridden and driven class

Minimum age of the pony for ridden and driven classes is 4 years. The saddlepad should not be square and should not cover more of the pony than the saddle does. A gelpad or a saddle fur is accepted. Tendon boots, bandages as well as other leg protection is not allowed. The ponies should be presented in a state as natural as possible.

Leading Rein Class

The riders in the Leading Rein Class should be between the ages of 3 and 8. Maximum height of the leading rein pony is 122 cm's, colts or stallions are not permitted. A safety cap with a triangle safety closure is obligatory. The pony should be presented in a state as natural as possible. The lead rein should go from the bridle to the accompanying adult's left hand thus leaving free his/her right hand to assist the little rider if necessary. In leading rein class, the obedience and reliability of the pony, the riding qualities of the child and the overall beauty of the combination are assessed. Colour coordination is preferable, it should not become a spectacle though.

First Ridden

Ponies in the First Ridden class should be no younger than four years of age and registered in the section A or B. Colts or stallions are not allowed. Riders should be between the ages of 9 and 12. This class is for children which have too much experience for the Leading Rein class, but which are not quite ready for the Ridden Classes yet. Spurs are not allowed.

Young Handlers

In the Young Handlers competition, the quality of handling is being judged. Does the handler present the pony to its best advantage? Doesn't his or her actions disturb the pony in doing so, etc? Because of the difference in ability between younger and older children, the Young Handlers competition is divided in two age groups. Handlers between the ages of 6 and 11, and handlers between the ages of 12 and 16. Colts, stallions and mares with foal at foot are not allowed.

Dress code: Correct as seen in Great Britain, or in white as common in Holland.

Attention: A pony bred by the judge, or a pony that has been in the judge's property is excluded from entry.
